

Client Text Messaging Consent Form

To help clients remember their mental health appointment, and to reduce the number of missed appointments, we have introduced a new system. Clients can now be sent an appointment reminder by text message to a mobile phone.

If you wish to be reminded about your appointment by text message, please complete the following information:

I understand that my telephone number will not be used for any other reason. I also understand that I have the option to stop reminders by text message at any time.

I authorize Northeast GA Counseling to remind me by text message of all future appointments.

Name: _____

Mobile Number: _____ - _____ - _____

Signature: _____

Date: _____
